RELAXING BUBBLES**

AQUABIKE ANYTIME

With this ultra-compact aquabiking pool, create an extra space devoted to Aqua Fitness and Wellness.

This little pool can be positioned on your patio, in your garage or in an existing room. You can use it to enjoy year-round water fitness sessions at a very low cost!

This new concept of interior pool that can be assembled without tools provides an adequate and comfortable aquabiking space for up to two persons. Its reduced external dimensions provide a sense of relaxation during your aquabiking or aquatraining session by taking up limited space, its sides measuring only 1.84m. Hardly bigger than a double bed.

OPTIMIZED VOLUME

FILTRATION

The Fit's Pool 60 W filtration motor is fitted with a latest generation washable and reusable filter cartridge.

Depending on use (public or private), a simple occasional treatment with activated oxygen or chlorine will guarantee you clear, clean water.

SAFETY

The Fit's Pool is delivered with an inflatable cover covering the entire pool to avoid any heat loss or deterioration of water quality. The cover is also fitted with 8 straps with lockable clips to secure access to the pool.
